The Collegiate Year is divided into a REGULAR and PRELIMINARY TERM. The PRELIMINARY TERM begins March 1st and continues ten weeks. The REGULAR TERM begins June 1st and continues five months. During these terms all the branches of medicine and surgery are taught, didactically and clinically. Regular clinics are held three days in the week at the City and County Hospital, Potrero Avenue (450 beds), where the Professors of the practical chairs have charge of wards, and possess every advantage for the instruction of students. There is also an active clinic conducted three times a week at the College building, where large numbers of patients are examined and treated before the classes. Didactic lectures are given daily by the professors, and evening recitations are held three times a week.

The dissecting-room is open throughout the year. Material is abundant and costs but little.

It will thus be seen that the course of instruction, which extends through seven and one-half months of the year, aims at the development of practical physicians and surgeons. The great advantages possessed by the Medical Department of the State University enable the Regents and Faculty to commend it in an especial manner to those seeking a complete and systematic knowledge of the medical profession. The facilities for bedside study have been largely increased of late, and the student will find opportunities at his command which, for comprehensiveness, are nowhere surpassed.

THREE YEARS' COURSE.

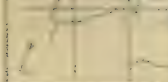

In response to the general demand, both in and out of the profession, for a higher degree of proficiency in medical education, the Medical Department of the State University was one of the first in the United States to adopt the three years' term of study. No student can present himself for final examination until he has attended faithfully three regular courses of lectures and clinics. While this requirement entails no extra expense in the matter of fees, it is a still further guarantee that none shall bear the diploma of the State Medical School but those thoroughly qualified.

Entered according to Act of Congress, in the year 1891, by F. M. HUSTED, in the office of
the Librarian of Congress, Washington, D. C.

PREFACE.

The publisher presents this volume to the public feeling confident that it will prove a satisfactory directory, as great pains have been taken to make it thoroughly reliable.

To the business men of Oakland, Alameda, and Berkeley, and San Francisco as well, where this book has a large circulation, the publisher wishes to say that this is the only complete individual directory of the three cities published. Some parties have recently made a canvass for what they claimed would be a complete directory, and we are informed have obtained signatures for a considerable amount of business by such misrepresentation, and also by claiming to have "bought out" the publisher of this book. Upon examination, parties who have patronized the publication mentioned, will find it to be a very incomplete *business* (not individual) directory. A superficial comparison of the book with the present publication, will show that our book contains more than *ten times* the number of names in the so-called business directory. Such methods bring disrepute upon legitimate publications, and should not be countenanced by business men.

Persons having keys will observe the following rules:—

When it is necessary to use the signal boxes, go to the one nearest to the fire, and put your key into the outside door, open it and pull down the *hook* on the inside once, or until you hear a bell within the box; close the door, and remain to direct the firemen to the locality of the fire. In case the box does not work, go to the next nearest station; you can procure a key at a store or dwelling in the vicinity.

Do not try to take your key out, as it is locked in and will be returned to you.

If, upon opening the door, you hear the bell within the box ring, do not pull the hook for one minute, or until it has stopped ringing, for it will indicate that an alarm is being sent from some other station.

Persons having keys will be held responsible for their use. Do not give an alarm for a fire seen at a distance; do not open the box except in case of fire; do not give an alarm until certain there is a fire.

Keys are left at stores and dwellings nearest to the boxes.

Key holders changing their residences or places of business where keys are kept, will please report the same at the fire alarm office, and in case of removal from the city, the key must be returned.

Keys can be obtained by any responsible person upon application to the Chief Engineer, at his office, or the Superintendent of Fire Alarm and Police Telegraph, City. G. H. Carleton, Superintendent Fire Alarm and Police Telegraph.

THE CHABOT OBSERVATORY OF OAKLAND is situated in the middle of Lafayette Square, which is bounded by Tenth, Eleventh, Jefferson and Grove Streets. Its exact geographical position is in latitude $37^{\circ} 48' 5''$ north, longitude $122^{\circ} 16' 34.4''$ west from Greenwich, or in time 8 hours, 9 minutes, 6 seconds west of Greenwich, 3 hours, 0 minutes, 54 seconds west from Washington. The observatory building, together with its splendid equipment, was the free gift of Anthony Chabot, Esq., to the Board of Education, in trust for the City of Oakland. Monday evenings are reserved for the schools, and Friday evenings for observatory work. Cards for admission on other evenings can be obtained on application to the Director, J. B. McClymonds, City Hall.

THE BOARD OF TRADE.

The Oakland Board of Trade was organized September 10, 1886. The first President was V. D. Moody, President of the First National Bank, who was succeeded, in April, 1888, by F. K. Shattuck; J. M. Davies was the first Secretary.

Like similar organizations in this State, the Board of Trade is in effect a city improvement association, looking to all measures of public interest, extending a knowledge of the advantages of the city and county, and in all suitable ways promoting agricultural, commercial and industrial prosperity.

The Leading Paper of Alameda County,

416, 418 and 420 TENTH ST.

OAKLAND,

CAL.

DAILY OAKLAND ENQUIRER

Published Every Evening.

The Daily Enquirer Contains a Complete Daily Record
of all Important News, Local and Through-
out the World.

United Press Dispatches—The *Enquirer* has the exclusive franchise
for Alameda Co.

The Daily *Enquirer* is delivered by carriers in Oakland, Alameda, Piedmont,
Berkeley, Temescal, Haywards, San Leandro, Livermore, Claremont,
Lorin, West Berkeley, Golden Gate, and all suburban towns at 35c
per month, thoroughly covering Alameda County, and is sold
on all local as well as all incoming and outgoing trains.

Subscription, by mail, \$4.20 per year. The *Enquirer*
is honest, decent and fearless. The circulation of
the Evening *Enquirer* exceeds, by about 1200,
the combined circulation of all other Oak-
land papers. As an advertising medium
it has no equal, outside of San
Francisco, in the STATE.

It is the only Oakland paper that enjoys an extensive circulation among fami-
lies. People say of it: "It is clean and respectable, bright and
newsy, and is a paper we feel safe in admitting to our
family circle."

THE WEEKLY ENQUIRER,

A ten-page, eighty-column paper, contains choice literary matter, complete
local and telegraphic and agricultural reports. A family paper in
every respect. All objectionable matter excluded from its
columns. It has a larger local and outside circula-
tion than any other weekly paper published
in Alameda County. It thoroughly
covers Alameda, Contra
Costa and Santa
Clara Counties,

And has a general circulation in the United States and foreign countries.

PRICE, \$1.50 per Year, Postage Paid.

The *Enquirer* Publishing Company has one of the most complete job printing
and book binding establishments on the Coast. It has recently added
an engraving and etching department and is now prepared to compete
with any establishment west of the Rocky Mountains.

THE BUSINESS COURSE will include Book-keeping in all its forms, by both single and double entry, comprising practical work in Banking, Jobbing, Importing, Commission, Railroading, Brokerage, etc.; Arithmetic, including abbreviated forms of commercial calculations in use by good accountants; Penmanship, with complete analysis and movement exercises; Correspondence, comprising all the different forms, with rules for use of Capital letters and punctuation; Mercantile Law, with lectures on all the important topics; English branches, including spelling, grammar, composition exercises, rhetoric, etc.; French, German and Spanish; Drawing, in its various forms; Business forms of every variety; actual practice in all kinds of business; Lectures on Book-keeping, Penmanship, Short-Hand, Telegraphy, Type-Writing, Business Customs, Political Economy, and various other topics calculated to impart to the pupil habits of industry, promptness in business affairs, and reliability of character.

Ladies are admitted into all the departments of the College on the same terms and conditions as young men. Their progress in all branches thus far has been most flattering.

Pupils can enter the College at any time and pursue their studies to graduation, without interruption. Those not sufficiently advanced for the Business Course can enter for instruction in the English Department.

Modern Languages and Drawing may be taken or not, but no extra charge will be made for them when pursued.

The discipline of the school is very thorough, in order to instill such habits as shall conduce to the future success of graduates.

Visitors will always be welcome at the College, as we are pleased to have the public inform itself of the merits of our school.

BUSINESS COLLEGE

320 POST STREET,
Red Men's Building, Opp. Union Square,
SAN FRANCISCO, CAL.

ESTABLISHED IN 1863.

THE FIRST COMMERCIAL SCHOOL ON THE COAST.

CONTINUES TO IMPART THOROUGH AND PRACTICAL INSTRUCTION IN

BOOKKEEPING, SHORTHAND, TYPEWRITING, TELEGRAPHY,
PENMANSHIP, MODERN LANGUAGES, ENGLISH AND
MATHEMATICAL BRANCHES, ETC.

By a Full Corps of Able and Experienced Teachers.

(OVER.)

PACIFIC

BUSINESS COLLEGE

320 POST STREET,
Red Men's Building, Opp. Union Square,
SAN FRANCISCO, CAL.

THE design of this School is to prepare its students for the practical duties of life. Since its organization in 1863, it has qualified a very large number of persons for a prosperous career in business pursuits. Its successful work may well entitle it to be ranked as

THE MODEL COMMERCIAL SCHOOL.

The PACIFIC BUSINESS COLLEGE has its graduates employed in the leading business houses of the entire Coast. The Institution supplies Mercantile Houses, Insurance Agencies, Banks, Railroad and Telegraph Offices, etc., with Book-keepers, Stenographers, Cashiers, Bank Tellers, Telegraph Operators, Clerks, Agents, etc., who invariably prove themselves to be fully qualified for the responsible positions which they occupy.

BRANCHES TAUGHT.

Single and Double Entry Book-keeping, as applied to all classes of business; Shorthand, Type-writing, Telegraphy, Business Penmanship, Commercial Arithmetic, Business Correspondence, Mercantile Law, Business Ethics, Science of Accounts, Actual Business Practice in all styles of Keeping Accounts, including Banking; English and Mathematical Branches, including Spelling, Reading, Penmanship, Grammar, Letter-writing, Word Analysis, Rhetoric, History, Philosophy, Arithmetic, Algebra, Geometry, Trigonometry, Surveying, Navigation, etc., and the Modern Languages.

ACTUAL BUSINESS TRAINING.

Our system of Actual Business Training, combining Theory and Practice, is at once so simple and natural that it needs only an examination of its merits to convince the most skeptical of its superiority over all other systems. No person of ordinary intelligence and application can go through such a course of training without becoming a thorough and practical accountant. Many of the most successful and influential business and professional men of the City and Coast may be numbered among our graduates.

LIFE SCHOLARSHIP, \$75.

This is the only Business College in the State that issues Life Scholarships. As carried out at this Institution, they offer many advantages. A Life Scholarship entitles the holder to instruction in all the branches of the Full Business Course, as given in the "COLLEGE REVIEW," until he graduates, with the privilege of review whenever it may suit his convenience. We also issue Six Months' Scholarships for any or all the studies of the College at very reasonable rates. Students may pay by the month if they so desire.

INDIVIDUAL INSTRUCTION.

Individual instruction is given in all departments of the College. In the Business Course the class system is entirely discarded, except for lectures, general reviews, and practical exercises on the black-board. Thus each student receives all the advantages of private instruction, and is enabled to advance as rapidly as his ability and application will permit.

THE COLLEGE HALLS.

In all respects we have the finest school-rooms on this Coast. They are large, well ventilated, elegantly furnished, and command a splendid view of the City and its environs. Every apartment has a sunny exposure, and is flooded with light and with fresh, pure air. The ceilings are sixteen and a half feet in height; and the several rooms have thirty large windows, furnished with inside blinds.

NO VACATIONS.

We have no vacations and no term divisions. Day and Evening Sessions are held during the entire year. Day Sessions from 9 A. M. to 12 M., and from 1:30 to 4 P. M.; Evening Sessions from 7 to 9 P. M. Students may commence at any time and pursue their studies without interruption.

For further information call at the College Office, 320 Post Street, or send for "THE PACIFIC BUSINESS COLLEGE REVIEW," containing full particulars in regard to College Departments, Courses of Study, Methods of Instruction, Rates of Tuition, etc. Visitors always welcome.

The Kodak Camera

ANYBODY

Who can wind a watch can use the KODAK CAMERA. It is a Magazine Camera, and will make 100 pictures without reloading. The operation of taking the picture is simply to point the Camera and press a button. The picture is taken instantaneously on a strip of sensitive film, which is moved into position by turning a key.

A DIVISION OF LABOR.

After the 100 pictures have been taken, the strip of film (which is wound on a spool) may be removed and sent by mail to the factory to have the pictures finished, thus relieving the purchaser of all the trouble of finishing the pictures. Any amateur can finish his own pictures, and any number of duplicates can be made of each picture. A spool of film to reload the Camera for 100 pictures costs only Two Dollars.

NO TRIPOD IS REQUIRED.

No focussing, no adjustment whatever. Rapid rectilinear lens. The KODAK will photograph anything, still or moving, in-doors or out. . .

NO RECREATION AFFORDS MORE DELIGHTFUL, INSTRUCTIVE AND HEALTHFUL ENJOYMENT THAN THE PURSUIT OF PHOTOGRAPHY ON LAND—AT HOME—SUMMER AT SEA—ABROAD—OR WINTER

A PICTURESQUE DIARY

Of your trip to Europe, to the mountains or the sea-shore may be obtained without trouble with a KODAK CAMERA, that will be worth, in after years, a hundred times its cost.

A BEAUTIFUL INSTRUMENT.

The KODAK is covered with dark Turkey morocco, nickel and lacquered brass trimmings, enclosed in a neat sole leather carrying case, with shoulder strap, and is about the size of a large field glass.

Size, . . . 3 1/4 x 3 3/4 x 6 1/2 inches.

PRICE, . . . \$25.00.

Weight, 1 lb. 10 oz.

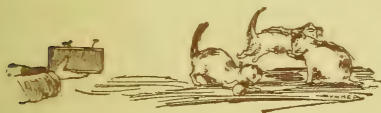

Size of picture, 2 3/8 inches diameter.

Loaded for 100 pictures, including sole leather carrying case, with strap.

Reloading, developing and printing (100 pictures), \$10.00. Negatives returned with the prints.

TO MY FRIENDS AND CUSTOMERS AND THE PUBLIC:

I respectfully beg leave to announce that I am now prepared to make Suits, etc., to order, from the very Finest Quality and Latest Styles of FRENCH, ENGLISH and GERMAN WOOLENS, at prices FORTY PER CENT. LOWER than any other house on the Pacific Coast.

The reasons why I can afford to sell so much cheaper than other houses are:

FIRST. Because by buying my Goods only for CASH I obtain a discount, which at once insures me a profit before any expense for manufacturing is incurred.

SECOND. My business in San Francisco and throughout the Coast, being so well established and so extensive, I make twenty times as many suits in a month as any other house, and the expenses of course not being so great in proportion, I am enabled to accept less profit and accordingly to sell cheaper.

My business has become so extensive, because my business transactions from the first have always been conducted in accordance with true business principles, honesty and fair-dealing having never been disregarded. My motto being to please my customers regardless of cost, I seldom lose one. ALL who have once dealt with me come back again.

My Rules are to insure a perfect fit, and full satisfaction on all orders, and this I always GUARANTEE, whether the order is given in person at the House or sent from a distance. Money is always returned to parties who may be dissatisfied, and do not desire alterations made free of expense, or new garments cut and made up for them.

Only the very FINEST LININGS AND TRIMMINGS and the best of workmanship, used in all cases.

LIST OF PRICES AS FOLLOWS:

ALAMEDA.

The city of Alameda (pronounced *ah-la-may-dah*) is about seven miles from San Francisco, and communicates therewith by two lines of railway, with their connecting ferries. The city occupies a peninsula four miles long by about a mile in width, formerly called the "Encinal de San Antonio," from the grove of live-oaks by which it was covered. Enough of the oaks still remain to give a charming rural aspect to the city, though beneath their grateful shade stretch miles upon miles of macadamized streets and artificial stone sidewalks, and above their highest boughs hang myriad electric sparks that light the Alameden to thousands of beautiful homes surrounded by verdant lawns and beds of flowers.

Alameda, according to the United States census just completed, has 11,250 inhabitants. In 1880 the population was 5,708, and in 1870, 1,557. In 1870 the number of school-children was 159; in 1880, 1,525, and in 1890, 2,505. The expenditures for school purposes during the same years were respectively \$1,440, \$27,720 and \$43,705. Valuation of school property, \$3,190, \$60,600 and \$101,000.

Public improvements of all kinds are being pushed with spirit and judgment. During the past two years, about forty-three miles of streets have been macadamized, at an expense of \$267,501. About thirty-five miles of artificial stone sidewalk have also been laid during the same period, and forty-five miles of sewers to date.

The public schools are excellent and well supported.

During the year, extensive additions and improvements have been made to the school property. A lot 150x240 at the corner of Twenty-fifth street and Eagle avenue was purchased for \$7,200. A handsome eight-room school-house, furnished with all the modern apparatus and appliances, has been erected at the corner of Santa Clara avenue and Bay street, at a cost of \$23,770.

During the past year the post-office has moved to new and commodious quarters in the Boehmer Block, and on November 1, free mail delivery was inaugurated, giving Alameda facilities equal to those of San Francisco and Oakland. In the residence portion of the city, mail is collected twice a day, and on Park street, three times. There are twenty-four mail boxes, distributed as follows:—

There are three papers published in Alameda: The *Encinal*, semi-weekly, which has been published for twenty-two years; the *Argus*, semi-weekly, now in its thirteenth year; and the *Statesman*, started about a year ago.

Numerous churches and fraternal organizations have been established, and are in a flourishing condition.

A portion of the statistics above given were taken from the valuable holiday edition of the *Argus*, published December 13th.

STREETS AND NUMBERS.

On September 10, 1890, after the greater part of our canvass was completed, the ordinance changing the names of streets, and also the system of numbering, was adopted by the city trustees. Upon consultation, however, with Mr. Geo. Sturtevant, the postmaster, and others, the publisher concluded to retain the old names and numbering, believing that they would be more useful for the present than the new. Under the ordinance above mentioned, the names of streets have been changed as follows:—

Main street is now called.....	First street
Kellogg street.....	Second street
Davenport street.....	Third street
West End avenue.....	Fourth street
Second avenue.....	Fifth street
Third avenue.....	Sixth street

BERKELEY.

BERKELEY lies on the eastern shore of San Francisco Bay, about five miles north of Oakland and facing the Golden Gate. It has about two miles of water front upon the bay, and extends eastward and inland about three and one-half miles, to the tops of the first range of mountains. It was organized under a special town charter in 1878. East Berkeley, comprising the east two-thirds of the town, is the seat of the State University, and contains numerous private schools, besides one of the best public schools in the State, from which students enter the University without further examination. The town is lighted by electricity; has a complete sewer system; a large hotel, costing \$80,000; the streets are being macadamized, and it is a thriving and growing town. The present population is about 5,500.

TOWN GOVERNMENT.

TRUSTEES—Joseph L. Scotchler, President; C. R. Lord, Reuben Rickard, Thos Landregan, Samuel Heywood.

SCHOOL DIRECTORS—J. S. Eastman, President; John Squires, Chauncy Gaines, C. Johnson, John Finn, W. B. Cone.

Marshal—George Schmidt.

Treasurer—Thos. Hann.

Assessor—Edward J. Stewart.

Clerk—C. H. Spear.

Justices of the Peace—W. T. Welcker, Richard Lloyd.

Constables—A. F. Fonzo, Wm. Curtis.

UNIVERSITY OF CALIFORNIA.

The University of California is an integral part of the public educational system of the State. As such it completes the work begun in the public schools. Through aid from the State and the United States, and by private gifts, it furnishes ample facilities for instruction in literature and in science, and in the professions of law, medicine, dentistry and pharmacy. In the Colleges of Letters, Agriculture, Mining,

Mechanics, Civil Engineering and Chemistry, in the Literary Course, and in the Course in Letters and Political Science, these privileges are offered without charge for tuition to all persons qualified for admission. In the Professional Colleges in San Francisco, except that of Law, moderate tuition fees are charged. The instruction in all the Colleges is open to all qualified persons, without distinction of sex. The Constitution of the State provides for the perpetuation of the University, with all its departments.

The University was instituted by a law which received the approval of the Governor March 23, 1868. Instruction was begun in Oakland in the autumn of 1869. The commencement exercises of 1873 were held at Berkeley, July 16, when the University was formally transferred to its permanent home. Instruction began at Berkeley in the autumn of 1873.

The College of California, which had been organized several years before the University, transferred its property and students upon terms which were mutually agreed upon, and closed its work of instruction in 1869. It had been incorporated in 1855, and through its agency a part of the Oakland property of the University, and the Berkeley site now owned and occupied by the latter, were secured.

The site at Berkeley is a domain of about two hundred and fifty acres, situated on the slope of the Contra Costa hills, about five miles from Oakland, facing the Golden Gate. It is traversed by two water courses, is much diversified in aspect, and is adapted to a great variety of culture. A portion of it is reserved to illustrate the work in agriculture and horticulture, and is now under cultivation.

The Undergraduate Colleges were the only ones actually included in the original organization, although the Organic Act contemplated the establishment of Colleges of Law and Medicine. The Professional Colleges in San Francisco have been added from time to time. The Lick Observatory was formally transferred to the University in June, 1888.

THE ACADEMIC SENATE.

NOTE—The Faculties of the University, together with the Instructors, constitute by law the Academic Senate.

The names, excepting those of the President and Secretary, are arranged in the order of original accession to membership in the Academic Senate.
